

# CP05 – Installation Highlight #1

## Pre-Installation Review

### Please note when ordering.

Please specify:

- 1) Color of grip Mahogany, Carbon, Silver Black, or Gray?
- 2) Indicate position on wheel. I.E. 10 O'clock, 4 O'clock, etc?
- 3) Which hand will use Palm Control – LEFT or RIGHT?
- 4) Do you want a vehicle specific wiring diagram?  
-if so, provide year, make, model and VIN # (**now required**).
- 5) Please specify functions on the grip. Typical secondary operations are:  
HORN, HI-BEAM FLASH and TOGGLE, TURN SIGNALS,  
WIPER LOW(W/2 INTERVALS),
- 6) Custom Operations are available, but depend on the vehicle.  
Some options are:  
WIPER HIGH, DRIVER WINDOW UP and DOWN, PARK LIGHT and  
HEADLIGHT ON and OFF. Consult with DSI for other operations and cost.
- 7) Custom button type or placement. Please specify any special needs.

### Notes for installation:

The CP05 operate through a wireless connection.

- 1) Test all operations by verifying proper voltage or ground state and then manually making the wire connections to assure the correct wires are being used.
- 2) Newer vehicles can have unique wiring arrangements, some vehicles do not allow for modifications without warranty violations.
